OSCAL Lunch with the Developers

Purpose:

- Facilitate an open, ongoing dialog with the OSCAL developer and user communities to promote increased use of the OSCAL models

Goals:

- Provide up-to-date status of the OSCAL project development activities
- Answer questions about implementing and using the OSCAL models, and around development of OSCAL model-based content
- Review development priorities and adjust priorities based on community input
- Help the OSCAL community identify development needs

Ground Rules

- ▶ Keep the discussion respectful
 - ▶ Using welcoming and inclusive language
 - ▶ Being respectful of differing viewpoints and experiences
 - ▶ Gracefully accepting constructive criticism
 - ▶ Focusing on what is best for the community
 - ▶ Wait for one speaker to finish before speaking - one speaker at a time
- ▶ Speak from your own experience instead of generalizing ("I" instead of "they," "we," and "you").
- ▶ Do not be afraid to respectfully challenge one another by asking questions -- focus on ideas.
- ▶ The goal is not to always to agree -- it is to gain a deeper understanding.

Please review pull requests and comment on issues you are interested in.

Establishing a reoccurring meeting to discuss model updates/enhancements

- ▶ Sent a Doodle poll to oscal-dev@nist.gov
- ▶ Responses indicate that Fridays @ 10AM EDT – 11AM EDT are best
- ▶ Will host this meeting every other Friday starting on 5/15.

We will send a meeting invite out to oscal-dev@nist.gov for this meeting.

The website will be updated soon as well with details.
